

Community Plate – December 2022 Ministerial Discretionary Fund

The Ministerial Discretionary Fund, which is also used this time of year for holiday giving, is used to offer financial assistance to congregants who have a temporary need for assistance. At times, the ministers also offer assistance to an urgent need that comes to our attention outside of our congregation. Every holiday season, staff members at UU Asheville attempt to identify congregants who might appreciate some financial support this time of year. This is not easy since we have no access to people's financial statuses. Nonetheless, we do what we can. We ask two things of you: If you are suffering financial distress or are aware of any of your UU Asheville friends who are experiencing financial hardship, please let Rev. Cathy or Rev. Claudia know. This information is held in strictest confidence.
